

# Virtual Conference Agenda (All times displayed in CT.)

**Wednesday, October 14, 2020**

8:30–9:20 a.m.	<b>Networking Breakfast Session</b> (separate registration and additional fee required) <b>Honing Your Communication Skills via Podcasting</b>				<b>Networking Breakfast Session</b> (separate registration and additional fee required) <b>Using Your Superpower at Work</b>																									
	<b>HIM Expert Theater Sessions</b> <b>A New Paradigm to Enhance Collaboration between Clinicians, Coders, and CDI Teams</b> , Presented by 3M <b>The Post-Pandemic Workplace: HIM Lessons Learned from Going Remote Overnight</b> , Presented by Ciox <b>Growing a Coding Team from Scratch: The Ohio State University Experience with Coding Apprenticeship</b> , Presented by CorroHealth <b>Document Scanning &amp; Interoperability with Secure Document Exchange</b> , Presented by Fujitsu																													
9:30–10 a.m.	<b>Virtual Conference Orientation</b>																													
10–11:30 a.m.	<b>OPENING GENERAL SESSION:</b> <b>Welcome and Opening Remarks: Ginna Evans, MBA, RHIA, CPC, CRC, FAHIMA, 2020 AHIMA President/Chair</b> <b>The Global Impact of Pandemics on Privacy Regulations—A Panel Discussion</b>																													
11:30 a.m.–12:15 p.m.	<b>Lunch Break</b>																													
12:15–1:15 p.m.	<b>Virtual Exhibits Open</b> <b>One-on-One Sessions with Exhibitors</b> 12:15–12:25 p.m.: <b>The Importance of Worklist Prioritization for a Concurrent Coding Workflow</b> , Presented by 3M 12:25–12:35 p.m.: <b>Book Spotlight: Coding with Modifiers, 6th Ed.</b> , Presented by AMA 12:35–12:45 p.m.: <b>Introducing CBO “Charge Aggregator” Software</b> , Presented by PatientKeeper 12:45–12:55 p.m.: <b>Reducing Revenue Cycle Leakage with Cognitive Emulation</b> , Presented by Iodine Software 12:55–1:05 p.m.: <b>Improving Compliance Audit Outcomes</b> , Presented by GeBBS																													
1:20–2:10 p.m.	<b>Educational Sessions</b> <table border="1" data-bbox="341 1096 2206 1298"> <thead> <tr> <th>Clinical Coding</th> <th>Clinical Documentation Integrity</th> <th>Information Protection: Privacy and Security</th> <th>Revenue Cycle Management</th> <th>Innovation</th> <th>Artificial Intelligence and Emerging Technologies</th> <th>Informatics, Analysis, and Data Use</th> <th>Organizational Management and Dynamic Leadership</th> <th>Innovation Theater</th> <th>Special Interest</th> </tr> </thead> <tbody> <tr> <td></td> <td>How Chapter 22 Affects You</td> <td>Protecting the Privacy of Health Information in a Global, Mobile, and Digital World</td> <td>Easing Through the Wave of Seasonal Audits</td> <td>The Next Decade in Healthcare Revenue Cycle</td> <td>Predicting Lung Cancer Amongst High Risk Patients</td> <td>Big Data in Healthcare</td> <td>Evidence-based HIM Operations Management</td> <td>Bringing Together Clinical and Administrative Data</td> <td></td> </tr> </tbody> </table>										Clinical Coding	Clinical Documentation Integrity	Information Protection: Privacy and Security	Revenue Cycle Management	Innovation	Artificial Intelligence and Emerging Technologies	Informatics, Analysis, and Data Use	Organizational Management and Dynamic Leadership	Innovation Theater	Special Interest		How Chapter 22 Affects You	Protecting the Privacy of Health Information in a Global, Mobile, and Digital World	Easing Through the Wave of Seasonal Audits	The Next Decade in Healthcare Revenue Cycle	Predicting Lung Cancer Amongst High Risk Patients	Big Data in Healthcare	Evidence-based HIM Operations Management	Bringing Together Clinical and Administrative Data	
Clinical Coding	Clinical Documentation Integrity	Information Protection: Privacy and Security	Revenue Cycle Management	Innovation	Artificial Intelligence and Emerging Technologies	Informatics, Analysis, and Data Use	Organizational Management and Dynamic Leadership	Innovation Theater	Special Interest																					
	How Chapter 22 Affects You	Protecting the Privacy of Health Information in a Global, Mobile, and Digital World	Easing Through the Wave of Seasonal Audits	The Next Decade in Healthcare Revenue Cycle	Predicting Lung Cancer Amongst High Risk Patients	Big Data in Healthcare	Evidence-based HIM Operations Management	Bringing Together Clinical and Administrative Data																						
2:20–3:10 p.m.	2021 ICD-10 and IPPS Update	<b>Educational Sessions</b> <table border="1" data-bbox="528 1344 2206 1546"> <thead> <tr> <th>Clinical Documentation Integrity</th> <th>Information Protection: Privacy and Security</th> <th>Revenue Cycle Management</th> <th>Innovation</th> <th>Artificial Intelligence and Emerging Technologies</th> <th>Informatics, Analysis, and Data Use</th> <th>Organizational Management and Dynamic Leadership</th> <th>Innovation Theater</th> <th>Special Interest</th> </tr> </thead> <tbody> <tr> <td>An Inpatient CDI Perspective on HCCs</td> <td>Simple Paths to Patient Access at Saint Luke’s Health System and Beyond</td> <td>How AI and ML Can Drive a Touchless Revenue Cycle</td> <td>No More Wristbands</td> <td>Artificial Intelligence Lessons Learned in HIM</td> <td>Critical Cancer Registry Data Changes, Challenges, and Analytics</td> <td>Extreme Ownership: A Case Study through HIM Evolution</td> <td>Why Electronic Case Reporting (eCR) is Vital During Pandemics and Outbreaks</td> <td>Listening Session: Help Us Forecast the Future of Health Information</td> </tr> </tbody> </table>									Clinical Documentation Integrity	Information Protection: Privacy and Security	Revenue Cycle Management	Innovation	Artificial Intelligence and Emerging Technologies	Informatics, Analysis, and Data Use	Organizational Management and Dynamic Leadership	Innovation Theater	Special Interest	An Inpatient CDI Perspective on HCCs	Simple Paths to Patient Access at Saint Luke’s Health System and Beyond	How AI and ML Can Drive a Touchless Revenue Cycle	No More Wristbands	Artificial Intelligence Lessons Learned in HIM	Critical Cancer Registry Data Changes, Challenges, and Analytics	Extreme Ownership: A Case Study through HIM Evolution	Why Electronic Case Reporting (eCR) is Vital During Pandemics and Outbreaks	Listening Session: Help Us Forecast the Future of Health Information

An Inpatient CDI Perspective on HCCs	Simple Paths to Patient Access at Saint Luke’s Health System and Beyond	How AI and ML Can Drive a Touchless Revenue Cycle	No More Wristbands	Artificial Intelligence Lessons Learned in HIM	Critical Cancer Registry Data Changes, Challenges, and Analytics	Extreme Ownership: A Case Study through HIM Evolution	Why Electronic Case Reporting (eCR) is Vital During Pandemics and Outbreaks	Listening Session: Help Us Forecast the Future of Health Information																						
3:10–3:25 p.m.	<b>Wellness Break</b>																													
3:25–4:15 p.m.	2021 CPT Code Update	Developing and Implementing an Audit Program for Physician Services	Cyber Risk Means Disruptive Business Risk	Practical Strategies for Accounts Receivable Management in Rural Health Clinics	ONC FHIR at Scale Taskforce: Paving an Infrastructure Path to Scalable FHIR Adoption for Better Data Exchange	Where does AI Belong in Healthcare Revenue Cycle Management?	The Use and Impact of Care Coordination in Cancer Registry Data	How to Be a Remarkable Leader in a Virtual Workplace	<b>Pitch Competition</b> How might we use health and human data to identify social determinants of health to improve patient outcomes and healthcare systems?																					
4:30–5:30 p.m.	<b>Welcome Reception</b>																													

# Virtual Conference Agenda (All times displayed in CT.)

**Thursday, October 15, 2020**

8:30-9:20 a.m.	Networking Breakfast Session (separate registration and additional fee required) <b>Trust—The Foundation of Transformation</b>				Networking Breakfast Session (separate registration and additional fee required) <b>Bridging The Great Divide</b>					
	<b>HIM Expert Theater Sessions</b> Leveraging Artificial Intelligence for Medical Record Indexing—A Panel Discussion, Presented by EDCO CDI and Quality Alignment: Strategies for Success, Presented by Enjoin Collaborating for Efficiency: Proven Methods to Improve Workflow, Reduce Costs and Mitigate Risk in the Revenue Cycle, Presented by MRO From Procedure Notes to Operative Reports: Solving the Surgical Documentation Conundrum with Artificial Intelligence, Presented by Nuance Sarasota Memorial's Intergalactic Mission to CAC, Presented by TruCode/Dolbey									
9:30-9:45 a.m.	<b>Welcome Back—Wednesday Highlights/Interviews</b>									
9:55-10:45 a.m.	<b>Educational Sessions</b>									
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>SDOH</b>	<b>Patient Identification and Matching</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Innovation Theater</b>	<b>Special Interest</b>
	Impact of the "With" Guideline	A Systematic Approach to Reviewing Hospital Inpatient Mortality	The Rise of Privacy	The CMS Quality Payment Program (MACRA) in 2020 and 2021	Encoding Patient-Reported Outcomes for SDOH	The Importance of Identifying Patients Correctly	Using Data to Improve the Bottom Line for High-Performing Medical Groups	Think Differently to Lead Differently	Proactive vs. Reactive: How a Large National Health System Deployed Mobile Technology to Simplify Query Workflow for Physicians	The Rapid Rise of TeleHealth as a Result of COVID-19 Co-Hosted by Healthware Group and Frontiers Health in partnership with AHIMA
10:45-11 a.m.	<b>Wellness Break</b>									
11-11:50 a.m.	<b>Educational Sessions</b>									
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>SDOH</b>	<b>Patient Identification and Matching</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Innovation Theater</b>	<b>Special Interest</b>
	E/M Guideline Changes for 2021	Teaching CDI Through Interoperable Clinical Pathways Standards and Modeling Tools	Privacy Threats in Healthcare	Successfully Navigating Third Party Audits	How Health Information Supports Addressing the Social Determinants of Health	Achieving and Maintaining a 1% Duplicate Error Rate	Navigating the Untapped Clinical Resource of Healthcare Data	Ken Blanchard Situational Leadership Training Overview	Changing Healthcare Policy Landscape during the COVID-19 Pandemic	Listening Session: Help Us Forecast the Future of Health Information
11:50 a.m.-12:45 p.m.	<b>Lunch Break</b>									
12:45-1:45 p.m.	<b>Virtual Exhibits Open</b> One-on-One Sessions with Exhibitors									
	12:55-1:05 p.m.: <b>Both Nudge and Query Delivery within One Physician Workflow</b> , Presented by 3M 1:05-1:15 p.m.: <b>Book Spotlight: Risk Adjustment Documentation &amp; Coding, 2nd Edition</b> , Presented by AMA 1:15-1:25 p.m.: <b>Reducing Revenue Cycle Leakage with Cognitive Emulation</b> , Presented by Iodine Software 1:25-12:35 p.m.: <b>STATus-View: ScanSTAT's Portal for ROI Reporting &amp; Processing</b> , Presented by ScanSTAT									
1:45-3:15 p.m.	<b>AHIMA Day General Session</b> <b>Wylecia Wiggs Harris, PhD, CAE, Chief Executive Officer, AHIMA</b> <b>AHIMA Annual Awards &amp; Recognition Ceremony</b> <b>Pitch Competition Finale</b>									
3:25-4:15 p.m.	<b>Educational Sessions</b>									
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>SDOH</b>	<b>Patient Identification and Matching</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Innovation Theater</b>	<b>Special Interest</b>
	Tips for Mastering Lower Extremity Interventions with IR Codes	Adapting to Commercial Clinical Validation Denials	An Overview of Information Blocking Rules	Utilizing Automation and Specialized CAPD to Drive Accuracy, Specificity, and Appropriate Reimbursement IR Coding	The Gravity Project: Consensus Methods to Develop SDOH Terminology and Standards	The Intersection of Patient Identity and Health Information Exchange		The Thoughtful Disruptor's Guide to Leading Innovative Change	Value of Public Health Data During a PHE - Presented by the CDC	
4:25-5:15 p.m.	<b>Educational Sessions</b>									
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>SDOH</b>	<b>Patient Identification and Matching</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Innovation Theater</b>	<b>Special Interest</b>
	PDPM and CDI: The SNF Dynamic Duo	Mastering Risk Adjustment	An Individual's Right to Access	Developing a Hospital Claim Validation Strategy to Prevent Denials	Addressing Health Inequities: Building Better Ways to Break Down Barriers	Using Consumer Engagement and Digital ID to Address Challenges of Patient Record Matching	The Journey to Data Awareness, Quality, and Integrity	Creating the Next Wave of Female Leaders: Best Practices for Building a Healthy, Diverse Business		
5:15-6:30 p.m.	<b>Appreciation Reception</b>									

# Virtual Conference Agenda

(All times displayed in CT)

**Friday, October 16, 2020**

9-9:50 a.m.	<b>HIM Expert Theater Sessions</b> Accelerating your Revenue Cycle with Regulated Print and Digital Communications, Presented by Doxim How Centralization and a Strong Vendor Partnership Helped BJC HealthCare Achieve ROI Excellence, Presented by Ciox						<b>Artificial Intelligence and Emerging Technologies</b>
10-10:15 a.m.	<b>Welcome Back—Thursday Highlights/Interviews</b>						
10:25-11:15 a.m.	<b>Educational Sessions</b>						
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	FastTrack Application of AI in Healthcare—What's the Latest?  Co-Hosted by Healthware Group and Frontiers Health in partnership with AHIMA
Coding Spinal Procedures	Clinical and Non-Clinical Documentation Strategies to Reduce Primary Heart Failure Readmission Rates	Medical Devices—An Open Door to Harm Network and Patients	Enterprise Revenue Cycle Management for the HI Professional	Making Data Accuracy Fun	The Evolution of Leadership		
11:25 a.m.–12:15 p.m.	<b>Educational Sessions</b>						
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	FastTrack Application of AI in Healthcare—What's the Latest?  Co-Hosted by Healthware Group and Frontiers Health in partnership with AHIMA
Adapting to the AI/CAC Coding Landscape for Physician Coders	Revisions to CPT E/M Visits 2021 to Improve Efficiencies	Characteristics of Data Breaches and Privacy Officers	Insider's Wisdom on How to Avoid and Protest Denials	Benchmark Costs and Resources with Data Analytics Skills Using CMS Data Sets	Creating the High Performing Triad—Finance, HIM and Clinical Executives—An HFMA Partnership Session		
12:15-1 p.m.	<b>Lunch Break</b>						
1-1:45 p.m.	<b>Virtual Exhibits Open</b> One-on-One Sessions with Exhibitors 1-1:10 p.m.: Closing the Loop, Mobile Query Delivery, Presented by 3M 1:10-1:20 p.m.: Resource Spotlight: E/M Office Visits 2021, Presented by AMA 1:20-1:30 p.m.: Behind the Curtain with Find-A-Code, Presented by Find-A-Code 1:30-1:40 p.m.: Delivering a Modern Patient Communication Experience, Presented by Doxim						
1:55-2:45 p.m.	<b>Educational Sessions</b>						
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Artificial Intelligence and Emerging Technologies</b>
The Art of the Self-Audit	Preparing for Changes in Evaluation and Management Coding for Office Encounters	Managing Insider Threats through collaboration between Covered Entities and Business Associates	Optimizing Clinical Documentation in the Emergency Department to Maximize Revenue Capture	Common Issues and Actionable State Strategies for Improving a Critical Data Resource	Ken Blanchard Situational Leadership Training Overview		
2:55-3:45 p.m.	<b>Educational Sessions</b>						
	<b>Clinical Coding</b>	<b>Clinical Documentation Integrity</b>	<b>Information Protection: Privacy and Security</b>	<b>Revenue Cycle Management</b>	<b>Informatics, Analysis, and Data Use</b>	<b>Organizational Management and Dynamic Leadership</b>	<b>Artificial Intelligence and Emerging Technologies</b>
An ICD-11 Workshop	Higher Accuracy Risk Adjustment and Improved Quality Performance with an AI-Infused CDI Program	Guide to Protecting Patient Data in the EHR	Targeted Probe and Educate (TPE) Audits	Clinical Research Management Systems	Innovative Partnering for Enterprise-wide Release of Information	Using AI to Safeguard PHI Across Healthcare Organizations	
3:45-4:00 p.m.	<b>Wellness Break</b>						
4:00-5:15 p.m.	<b>CLOSING GENERAL SESSION:</b> <b>Katherine Lusk, MHSM, RHIA, FAHIMA, 2021 AHIMA President/Chair</b>  <b>The Future of Public Healthcare</b> <b>How Major Trends Shape the Healthcare Ecosystem</b> <b>Leana Wen, M.D., M.Sc., FAAEM, Visiting Professor of Health Policy and Management at George Washington University School of Public Health, CNN On-Air Medical Analyst, Washington Post Contributing Columnist, Former Baltimore Health Commissioner, and ER Physician</b>						

# Virtual Conference Agenda

(All times displayed in CT)

## Saturday, October 17, 2020

9–9:50 a.m.	<b>Educational Site Visit: "Practicing Medicine"—It is Not a Misnomer</b> Global Center of Medical Innovation, Atlanta (Included with Full Conference Registration. RSVP Required)
9–11:30 a.m.	<b>The New Digital Leader</b> Presented by CHIME in partnership with AHIMA (separate registration and additional fee required)
10–11:30 a.m.	<b>Educational Site Visit: Getting More Out of Your Health Data Investments Entrepreneurship and Innovation Institute,</b> Georgia State University, Atlanta (Included with Full Conference Registration. RSVP Required)
12–6 p.m.	<b>74th HOUSE OF DELEGATES</b>
12:30–3 p.m.	<b>The Business Intelligence Imperative</b> Presented by CHIME in partnership with AHIMA (separate registration and additional fee required)

# Virtual Conference Agenda

## On-Demand Sessions (available during Conference and 60 days after Conference)\*

Clinical Documentation Integrity	Information Protection: Privacy and Security	Revenue Cycle Management	SDOH	Patient Identification and Matching	Informatics, Analysis and Data Use	Organizational Management and Dynamic Leadership
Saving Time for Patient Care by Optimizing Physician Note Templates	Measurable Outcomes-based Approach for the NIST Privacy Framework	A New Frontier of ProFee Denials Remediation	Connecting Data Discrepancies in Reported Health Data to SDOH	Patient Identification and MPI Management	Utilizing Patient Registries to Increase Documented Diabetic Foot and Eye Exams	HIM Process Improvement
		Reimbursement Methodologies and their impact on Coding and CDI
